About

This course aims to provide solid scientific and pedagogical training in order to understand the complexity of teaching and learning processes for children up to the age of 12. In this sense, it includes training in the areas of teaching, general educational training and specific didactics and provides training in formal and non-formal educational contexts, through the Initiation to Professional Practice in Daycare/Kindergarten, 1st CEB, 2nd CEB. It also provides access to teaching qualification courses in Pre-School Education and 1st and 2nd CEB Teaching.

Course Plan
